

SUMMER INTERNSHIP PROGRAMME - 2025

NATIONAL INSTITUTE OF TECHNOLOGY ROURKELA

APPLICATION FORM

10 Mar 2025

Candidate Details

Application Id : SIP2511138	DOB : 06 May 2004	
Name : NAGA HARINI CHINTALAPATI	Gender : FeMale	
Email : chintalapatinagaharini1234@gmail.com	Mobile No : 7075299305	
Parent Name : Surya narayana raju Chintalapati	Parent Contact : 9701638316	
University Name : Rajiv Gandhi University Of Knowledge Technologies	Result Semester : 3	
Institute Name : Rajiv Gandhi University Of Knowledge Technologies Srikakulam	CGPA : 8.89	
Programme : B.Tech.		
Branch of Study : Computer Science	Duration of Stay : May 16, 2025 To Jul 15, 2025	
Address (C) : Hno 4-206 4Th Ward Near Maruthi Nagar Devarapalli Mandal Devarapalle West Godavari Andhra Pradesh.534313	Address (P) : Hno 4-206 4Th Ward Near Maruthi Nagar Devarapalli Mandal Devarapalle West Godavari Andhra Pradesh.534313	
Achievements : Certified by Simplilearn on Machine Learning Course. Python course by Scaler. Certified by udemy in Build A Backend RestAPI using Nodejs. Certified by Udemy in javaScript and Reactjs.		

Project (Preference 1)

Department Applied for : Computer Science and Engineering

Project Topic : Deepfake Detection Tools

Faculty Name : Dr. Prasenjit Dey

Your idea about this topic (In 500 Characters) : Machine learning is part of artificial intelligence, which enables the computer act and make decisions rather than bring explicitly programmed to carry out a certain task, when it is exposed to the data. Although we have a lot of modelling techniques and algorithms, after some research I got to know that we use GANs for deepfake tools. And on the other side we have deep learning which is a part of ML, here we mainly use the CNN and RNN.

Project (Preference 2)

Department Applied for : Computer Science and Engineering

Project Topic : Biometric authentication from aadhaar

Faculty Name : Prof. Sambit Bakshi

Your idea about this topic (In 500 Characters) : Web Development is a process of developing Web sites using web technologies like html, css, js, react, node, express etc. I have done a lot of Independent Fullstack projects using mongodb, react, express and node from creating responsive and animated UIs to creating restful APIs and providing authentication for login and sign in forms using jsonwebtoken and I still developing a project that is travelling website. Thank You

NOTE: Fellowship or other Financial assistance will not be provided to any Interns. Free Accommodation in the NIT Halls of Residences will be provided to the shortlisted candidates, who have confirmed their participation. Hostel fooding will be provided to the candidates on payment basis (Approx Rs. 100/- per day).
